

**AUBURN UNIVERSITY COLLEGE OF VETERINARY MEDICINE**  
**ASSISTANT/ASSOCIATE/FULL PROFESSOR IN FOOD ANIMAL AMBULATORY SERVICES**

**Description:** The Department of Clinical Sciences at the Auburn University College of Veterinary Medicine invites applications for a full time, Clinical or Tenure Track Assistant/Associate/Full Professor in the Food Animal Section with the main focus in ambulatory service. The selected individual will participate in clinical teaching and service within the Food Animal Section, didactic lectures in the professional curriculum, and graduate and resident training. A tenure track position would also have expectations of independent and/or collaborative research.

**Qualifications:** A DVM or equivalent degree is required. Diplomate status or board eligibility in an appropriate specialty college (American College of Theriogenologists, American College of Veterinary Internal Medicine – Large Animal, American Board of Veterinary Practitioners) is preferred. We seek candidates with an advanced degree and research experience and/or candidates with appropriate practice experience with an emphasis on production medicine and/or theriogenology. The candidate selected for this position must be able to meet eligibility requirements to work in the United States at the time the appointment is scheduled to begin and continue working legally for the proposed term of employment. Excellent communication skills are required. Eligibility for faculty veterinary licensure in the State of Alabama is also required.

**Responsibilities:** The duties of this position will be divided between clinical responsibilities, didactic lectures and graduate and resident training. Teaching activities will be conducted principally in a clinical setting. Clinical responsibilities will include independent, primary case care within the Food Animal Section. The food animal caseload is predominately beef and dairy cattle, but small ruminants, camelids, and swine are also seen. The successful candidate will advance the ambulatory and production medicine caseload of food and fiber animals. The effort allocation toward clinical responsibilities and research will be established to meet the incumbent's qualifications and interests and the service's needs.

**Application Review:** Review of applications will begin April 15, 2016 and will continue until a candidate is recommended for appointment.

**Application Procedure:** Please apply online at <http://aufacultypositions.peopleadmin.com/postings/1432> . Applications must include a letter of intent stating professional goals, a curriculum vitae, and names and email addresses of three references. Please direct inquiries to the search committee chair: Dr. Thomas Passler, Associate Professor, Auburn University, Department of Clinical Sciences, College of Veterinary Medicine, Auburn, AL 36849-5540. Telephone: 334-844-4490. Email: [passlth@auburn.edu](mailto:passlth@auburn.edu).

Auburn University is nationally recognized for its commitment to academic excellence, positive work environment, exciting student life, and the beauty of its campus. It is geographically located in a moderate climate with easy access to both beach and mountain

recreational regions and is situated along the rapidly developing I-85 corridor between Atlanta, GA and Montgomery, AL.

The College of Veterinary Medicine is located on the edge of the Auburn University campus, located in east-central Alabama. The vibrant Auburn-Opelika community has a population of 151,000. Auburn University is one of the nation's premier land, sea, and space grant institutions. In the 2015 edition of U.S. News and World Report, it was ranked 46th among the nation's public universities. Auburn is an institution that is both highly research-active and committed to maintaining teaching excellence, offering Bachelor's, Master's, Educational Specialist, and Doctoral degrees. Its 2015 enrollment of over 28,000 students includes 22,889 undergraduates, 4,398 graduate students, and 1,103 professional-doctorate students in Pharmacy and Veterinary Medicine. There are 1,192 instructional faculty members distributed across nine Colleges and three Schools. Degrees are offered in more than 200 academic programs. Opportunities are readily available to collaborate across the Auburn University campus, and at medical colleges at the University of Alabama at Birmingham and Emory University.
