

**CLINICAL- OR TENURE-TRACK ASSISTANT/ASSOCIATE/FULL  
PROFESSOR OF SMALL ANIMAL EMERGENCY AND CRITICAL CARE MEDICINE**

The Department of Clinical Sciences at the Auburn University College of Veterinary Medicine is seeking applicants to fill a full-time, 12-month appointment. Depending on experience, qualifications and interest, the successful candidate may be appointed to either a tenure-track (Assistant/Associate/Full Professor) or non-tenure track (Clinical Assistant/Associate/Full Professor) position in Small Animal Emergency and Critical Care Medicine. Exceptional candidates may apply to fill the P. B. Griffin Endowed Professorship in Emergency and Critical Care Medicine.

**Responsibilities:** The successful candidate will be expected to participate in teaching, clinical, service and research. Teaching responsibilities include the clinical and didactic instructional activities of the professional veterinary medicine and postgraduate training programs related to emergency and critical care medicine. Clinical service and research responsibilities are negotiable and will depend on the successful candidate's interests and the type of appointment, i.e. clinical vs. tenure track appointment. There is ample opportunity to participate in established research programs on campus.

**Requirements/Qualifications:** The qualified applicant must hold a DVM or equivalent degree, have completed residency or fellowship training in the American College of Veterinary Emergency Critical Care (ACVECC), and be a Diplomate of ACVECC or qualified to sit for the ACVECC certifying examination. For a tenure-track position, research experience is desired, and advanced degrees or additional certifications are encouraged. Demonstration of experience or additional training in education and teaching would be noted positively in the application as well. The candidate selected for this position must be able to meet eligibility requirements to work in the United States at the time the appointment is scheduled to begin and continue working legally for the proposed term of employment. Excellent communication skills are required. Eligibility for faculty veterinary licensure in the State of Alabama is also required.

**Application Process:** Applications should include a letter of intent stating professional goals, teaching philosophy, and research interests, a curriculum vitae, and the names and email addresses of three professional references. Transcripts may be requested at a later date. Please apply online on our website: <http://aufacultypositions.peopleadmin.com/postings/1442> . General inquiries may be directed to Dr. Robert (Bob) Kennis, Search Committee Chair ([kennira@auburn.edu](mailto:kennira@auburn.edu)).

Starting salary will be commensurate with experience and credentials. Review of applications will commence on March 15, 2016 and will continue until a qualified applicant is recommended for appointment.

**Facility Description:** The Auburn University Critical Care Program is a 24 hour same-day referral center (VECCS Level I Facility Certification) designed to serve the needs of veterinarians in the Southeast. The Intensive Care Unit of the Small Animal Teaching Hospital includes two ACVECC faculty, four ACVECC residents, six rotating interns, one Critical Care Nursing Supervisor (VTS-ECC) and 17 intensive care and intermediate care unit veterinary technicians. A STAT lab is available for hematology, chemistries, blood gases, electrolytes, blood lactate, blood ketones, and coagulation profiles. Monitoring capabilities include telemetry, pulse oximetry, end tidal CO<sub>2</sub>, direct and indirect blood pressure, colloid osmotic pressure, urine output, and central venous pressure monitoring. Advanced therapeutic modalities include continuous renal replacement therapy and a Puritan Bennett 840 mechanical ventilator. The new Bailey Small Animal Teaching Hospital opened in March of 2014.

**About the area:** Auburn University is nationally recognized for its commitment to academic excellence, positive work environment, exciting student life, and the beauty of its campus. It is geographically located in a moderate climate with easy access to both beach and mountain recreational regions and is situated along the rapidly developing I-85 corridor between Atlanta, GA and Montgomery, AL.

The College of Veterinary Medicine is located on the edge of the Auburn University campus, located in east-central Alabama. The vibrant Auburn-Opelika community has a population of 151,000. Auburn University is one of the nation's premier land, sea, and space grant institutions. In the 2015 edition of U.S. News and World Report, it was ranked 46th among the nation's public universities. Auburn is an institution that is both highly research-active and committed to maintaining teaching excellence, offering Bachelor's, Master's, Educational Specialist, and Doctoral degrees. Its 2015 enrollment of over 28,000 students includes 22,889 undergraduates, 4,398 graduate students, and 1,103 professional-doctorate students in Pharmacy and Veterinary Medicine. There are 1,192 instructional faculty members distributed across nine Colleges and three Schools. Degrees are offered in more than 200 academic programs. Opportunities are readily available to collaborate across the Auburn University campus, and at medical colleges at the University of Alabama at Birmingham and Emory University.
