

**AUBURN UNIVERSITY COLLEGE OF VETERINARY MEDICINE  
CLINICAL LECTURER IN FOOD ANIMAL MEDICINE**

**Description:** The Department of Clinical Sciences, College of Veterinary Medicine, Auburn University invites applications for a full-time non-tenure track Clinical Lecturer position in the Food Animal Section. The position offers a unique opportunity for veterinarians looking for a career change or additional post-graduate training to augment their ability to serve food animal industries. Enrollment in the Graduate School with appropriate research will lead to the MS or PhD degree. The individual selected will participate in clinical teaching and service within the Food Animal Section. The position is renewable annually for up to 5 years contingent upon satisfactory progress in the graduate program. A DVM or comparable degree along with significant experience in food or mixed animal general practice is required. Prior to employment, the incumbent must be accepted in the Auburn University Graduate School. The candidate selected for this position must be able to meet eligibility requirements to work in the United States at the time the appointment is scheduled to begin and continue working legally for the proposed term of employment.

**Responsibilities:** The duties of this position will be divided between clinical responsibilities and appropriate research leading to an advanced degree. Teaching obligations will consist primarily of clinical teaching. Clinical responsibilities will include independent, primary care within the Food Animal Section of the Large Animal Hospital. The food animal caseload is robust consisting of predominately beef and dairy cattle, but small ruminants, llamas, alpacas and swine are also seen. Time commitment between clinical responsibilities and research will be established dependent on the incumbent's experience and interest.

**Application Review:** Review of applications will begin March 1, 2017 and will continue until a candidate is recommended for appointment. Applications should include a letter of intent, curriculum vitae, and names, mailing addresses, telephone numbers, and email addresses of three professional references. Please apply online on our website: <http://aufacultypositions.peopleadmin.com/postings/2059> Please send inquiries to: Dr. Misty Edmondson, Associate Professor, Auburn University, Department of Clinical Sciences, College of Veterinary Medicine, Auburn, AL 36849-5540. Telephone: 334-844-4490. Email: [abramms@auburn.edu](mailto:abramms@auburn.edu).

**About the Area:** The College of Veterinary Medicine is located on the edge of the Auburn University campus. The college admits 120 veterinary students into the professional curriculum each year. The John Thomas Vaughan Large Animal Teaching Hospital, named for a 1955 graduate who served the College as dean for many years, opened in 2003 as one of the most advanced equine and food animal clinical settings anywhere. The 71,500-square-foot hospital features an admission and welcome area for clients, an intensive care unit, a dairy and two food animal barns, three traditional surgical suites, a standing surgery, imaging suite, a 60-seat classroom, and abundant office and small group meeting space for faculty and students, as well as lockers and showers. The Overton Education Wing is a recent expansion to provide a quality teaching environment for professional student

education. Additional information about the College of Veterinary Medicine can be obtained at [www.vetmed.auburn.edu](http://www.vetmed.auburn.edu).

Auburn University is one of the nation's premier land, sea, and space grant institutions. In the 2016 edition of the U.S. News and World Report ratings of America's Best Colleges, it was ranked 46th among public universities. The University's main campus enrollment is over 27,000 students, including approximately 22,000 undergraduates and 5,000 graduate students. There are over 1,200 full-time instructional faculty members distributed across nine Colleges and three Schools, with degrees offered in more than 200 academic programs. Auburn University is nationally recognized for its commitment to academic excellence, positive work environment, exciting student life, and the beauty of its campus. It is geographically located in a moderate climate with easy access to both beach and mountain recreational facilities and is situated along the rapidly developing I-85 corridor between Atlanta, GA and Montgomery, AL.

Auburn University is located in the east central Alabama community of Auburn-Opelika. Collaborations with individuals in other Veterinary College departments and on the main campus, including the College of Engineering, the College of Agriculture, the School of Pharmacy, the Edward Via College of Osteopathic Medicine, and new MRI Center contribute to the success of Auburn's clinical and research programs. The Auburn community has an excellent public school system and strong medical health facilities. Numerous cultural and recreational venues and idyllic escapes are within one hour of Auburn. Outdoor recreational opportunities including trails for walking or cycling, Lake Martin with 720 miles of shoreline, national forest and state parks are available. The major metropolitan areas of Atlanta, GA, Birmingham, AL and Montgomery, AL are within an easy driving distance and offer a number of diverse personal interest points and travel venues.

Auburn University is an EEO/Vet/Disability Employer. It is our policy to provide equal employment opportunities for all individuals without regard to race, sex, religion, color, national origin, age, disability, protected veteran status, genetic information, sexual orientation, gender identity, or any other classification protected by applicable law.
